

Healing Heart Disease by Shafiya Eve

I want to share with you my personal experience with a severe heart condition and Dr. Rath's vitamins. Convinced, beyond doubt, I would have passed from the face of this earth by now, if not for these vitamins.

In 2003 I took a medication for pain and inflammation for a shoulder injury sustain in a car accident. Shortly thereafter, I ended up in the emergency room with chest pains, heart palpitations, elevated blood pressure, and faintness. These conditions persisted thereafter. Several months later my family physician ran a test and said the condition of my heart was consistent with someone who had had a mild heart attack.

Continuing to experience the chest pain, heart palpitations, and faintness, someone recommended Dr. Rath's vitamins to me. They told me Dr. Rath had the only patent in the US for a vitamin that would reverse cardiovascular disease. Desperate, I ordered the Vitacor Plus from Dr. Rath. Within a two weeks all my symptoms had disappeared. When under great stress I notice that I would still occasionally have heart palpitations. So I called the number for Dr. Rath's Vitamins and spoke to a Nutritionist, who recommended I add Dr. Rath's Enercor supplement which I did. Well I no longer have any symptoms.

I have taken so many vitamins over the years because of reading that they were good for me. This is the first time that I think a vitamin which really did what it was suppose to.

The number to call is on the West Coast, call before 10:00 AM, east coast time, Monday through Friday. You can ask to speak with a nutritionist to discuss your specific conditions and hear their recommendations.

If you decide to try these vitamins, the phone number and a sponsor code are below. I would appreciate if you would please use the sponsor code. You can also get your own sponsor code and receive a small rebate check with each order. But do use my sponsor code when you order and ask for your own sponsor code.

Thank you and may you delight in good health!
